Pedicures

Signature Pedicure

Sip on a warm cup of tea or cool glass of water and relax by the fireplace in our big, comfy pedicure chair. This pedicure includes nail trimming and shaping, cuticle care, and removal of callous. A beneficial sea salt scrub takes care of the tops, and bottoms of your feet as well as your lower leg, followed by a stimulating foot massage and either regular or french polish application to complete the treatment.

Paraffin Pedicure

Enjoy everything from a signature pedicure followed by a triple dip in the warm paraffin wax. Your feet will then be cocooned and placed into warm, heated booties. Polish is not recommended in this treatment.

Cleopatra Pedicure

Enjoy being treated like Egyptian royalty! Soak your royal toes in our foot soak made from milk, rose pedals, rose water and other natural ingredients. Milk, containing lactic acid, naturally cleanses, softens, and deodorizes the feet. Further soften and hydrate your legs and feet with a mud mask followed by massage and polish.
